

PRINCIPAL'S REPORT

ENROLMENTS FOR 2019

Enrolments for 2019 are very strong and we could begin next year with just over 420 students. If you will not be returning to Tyabb next year, please let us know as this may have an impact on the grade structures we have planned. Teachers will then start the process of working out students and their grades but can not do this until the structure is confirmed.

Prep	4 classes
One	3 classes
Two	2 classes
Three	2 classes
Four	2 classes
Five	3 classes
Six	2 classes
	18 classes

Planned structure for 2019 but may change if enrolments in certain year levels change.

PARENT OPINION SURVEY

I would like to thank all of the parents who were randomly selected to complete the online parent opinion survey. We really appreciate the feedback and use the information we have received to celebrate our successes and focus on areas needing improvement. As you can see from the following graphs the feedback has been extremely positive, above 90% in most areas. The 2 main areas for further focus include teacher communication. Whilst 87% positive response is extremely positive and a big improvement from last year we will continue to focus on this area.

Parents were positive about our management of bullying but still reported that their children had experienced incidences during the year. We must stress to make contact with us if your child has experienced 1. inappropriate behaviour or 2. bullying. Bullying is the ongoing misuse of power in relationships through repeated verbal, physical and/or social behaviour that causes physical and/or psychological harm. It can involve an individual or a group misusing their power over one or more persons. Bullying can happen in person or online, and it can be obvious (overt) or hidden (covert.) We must stress that we have a zero tolerance to bullying as per the definition and want to know if your child is experiencing this so that we can manage the issue and ensure your child's feeling of safety, security and

happiness. Please check out our results on the following page.

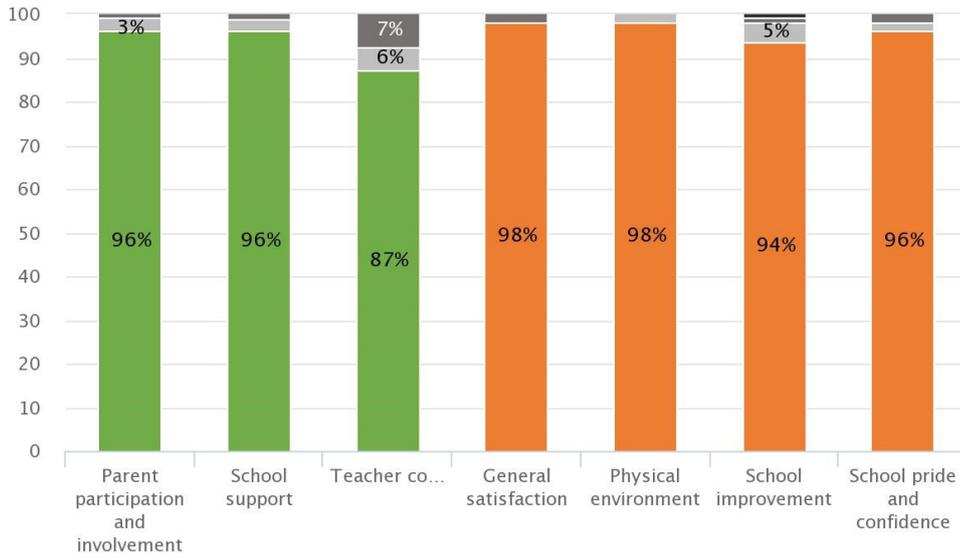

AIR CONDITIONERS FOR OUR BER!!!! BOOKLISTS AND VOLUNTARY

We would like to thank all parents who provided us with a voluntary contribution towards our building fund. This money always goes towards improving our buildings and providing the best environment for our students. Money raised in the last few years has gone to recarpeting parts of the school and this year towards 6 air conditioners for our senior school. The students and teachers were extremely excited and grateful for these and look forward to teaching and learning in comfort. **Thank you for your voluntary contribution!!!!**

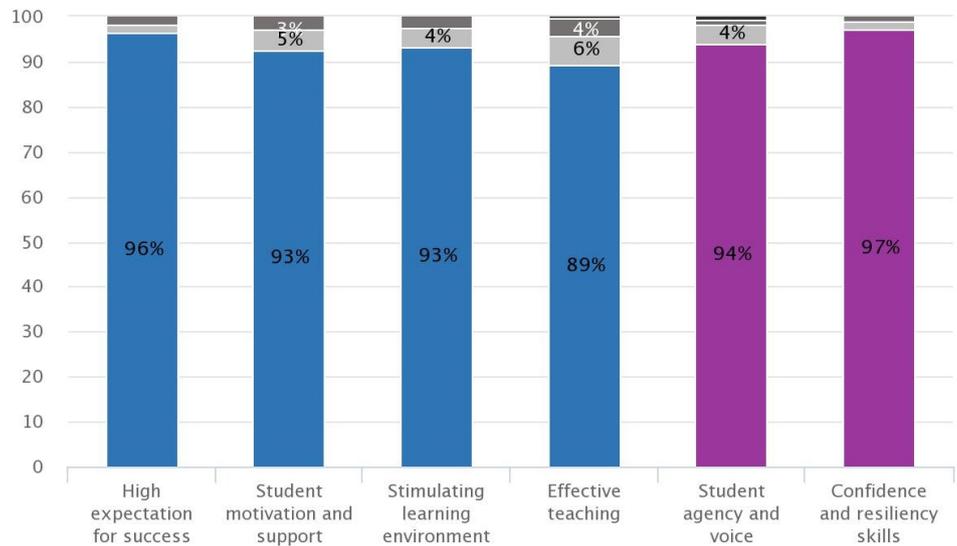

Tomorrow is the Australian day to celebrate World Teacher's Day. A chance for our students and the community to thank our wonderful teachers for everything they do to help our students be their personal best. A chance to thank teachers for their enthusiasm, hard work and commitment. It is an absolute pleasure to work with such an amazing group of teachers. Please show our teachers how much they are appreciated!

BULLYING

The Not bullying list

These incidents on this list are NOT considered bullying:

Not liking someone – It is very natural that people do not like everyone around them and, as unpleasant as it may be to know someone does not like you, verbal and non-verbal messages of “I don't like you” *are not acts of bullying.*

Being excluded – Again, it is very natural for people to gather around a group of friends and we cannot be friends with everyone, so it is acceptable that when kids have a party or play a game at the playground, they will include their friends and exclude others. It is very important to remind kids they do the same thing sometimes too and, although exclusion is unpleasant, *it is not an act of bullying.*

Accidentally bumping into someone – When people bump into others, the reaction depends mostly on the bumped person's mood. If they have had a bad day, they think it was an act of aggressive behavior, but if they are in the good mood, they smile back and accept an apology. This is also relevant for playing sport, like when kids throwing the ball at each other hit someone on the head. It is very important for teachers and parents to explain that some accidents happen without any bad intention and it is important not to create a big conflict, because *it was NOT an act of bullying.*

Making other kids play things a certain way – Again, this is very natural behavior. Wanting things to be done our way is normal and is not an act of bullying. To make sure kids do not fall into considering it as an

aggressive or “bossy” behavior, we need to teach them assertiveness. Again, although it is not fun or pleasant, *this is NOT bullying.*

A single act of telling a joke about someone –

Making fun of other people is not fun for them, but the difference between having a sense of humor and making fun of someone is very fine. It is important to teach kids (and grownups) that things they say as jokes should also be amusing for the others. If not, they should stop. Unless it happens over and over again and done deliberately to hurt someone, *telling jokes about people is NOT bullying.*

Arguments – Arguments are just heated disagreements between two (or more) people (or groups). It is natural that people have different interests and disagree on many things. The argument itself *is NOT a form of bullying*, although some people turn arguments into bullying, because they want to win the argument so much. It is very important to distinguish between natural disagreements and bullying during an argument.

Expression of unpleasant thoughts or feelings

regarding others – Again, communication requires at least two players. Although it may be unpleasant to hear what someone thinks about you, *it is NOT a form of bullying* but a very natural thing. In every communication, there are disagreements and some form of judgment about each other's attitude and behavior. If someone says to you, “I think this was not a nice gesture” or “You insulted me when you said this”, *this is NOT bullying* but an expression of thoughts and feelings.

Isolated acts of harassment, aggressive behavior,

intimidation or meanness – The definition of bullying states that there is **REPETITION IN THE BEHAVIOR**. Bullying is a conscious, repeated, hostile, aggressive behavior of an individual or a group abusing their position with the intention to harm others or gain real or perceived power. Therefore, anything that happens once is NOT an act of bullying. As a parent, it is important that you listen to what your kids are telling you and find out if things are happening more than once.

All the behaviors above are unpleasant and need to be addressed, but they are not to be treated as bullying. Many times, labeling a single act of aggression can

Physical Education

Term 4 has seen a fantastic start in the Physical Education area of the school. This is the term where students see the most progression in their skills due to all the hard work they have put in during term 1, 2 and 3.

In Prep and Grade One, students have started off the term refining their catching, throwing, bouncing, balancing and kicking skills through warm up games and rotations. Students have continued to build on what they have been learning all year and it has shown in the way they are completing their skills now, great job to these junior students!

Grade 2, 3 and 4 had the opportunity to develop their AFL skills through skill sessions focusing on their marking, kicking and handballing and also implementing these skills in a different form of AFL called AFL 9s. There were a lot of great skills on display with teams playing fairly and showing a great passion for AFL. Great work everyone!

In the Physical Education elective, students have been able to pick their own teams and compete against each other in a range of different games like hockey, ultimate Frisbee, kickball and dodgeball with

Mr Davies on one team and Harry Capes on the other. These sessions are so much fun with students really having a competitive edge against each other, trying to take the win. I look forward to more of these tough games throughout term 4.

Term 4 has also seen a range of students represent Tyabb Primary at the Division and Regional level for athletics with these students giving their best efforts in their events and have been congratulated by the whole school.

The Grade 6 girls basketball team will have played in their Division level basketball match up against different schools on the Mornington Peninsula. These girls have been training during lunch times from the start of term 3 and have been extremely dedicated in giving up their time and improving their skills.

Runners Club has also started for term 4, even though the scheduled start time was affected by rain, students were able to come out to the oval on Tuesday and Thursday mornings to begin and continue their journey of running or walking as many laps of the oval as they can.

I look forward to having a great final term of 2018 with Tyabb PS.

Walk To School 2019

About Walk to School

Every October, VicHealth’s Walk to School encourages Victorian primary school kids to walk, ride or scoot to and from school. It’s a great way to help students learn healthy habits and achieve the recommended 60 minutes of physical activity, every day. It also encourages primary schools, local councils and communities to make active travel easy, safe and accessible.

Along with the health benefits, walking to school has benefits for the whole community. It reduces traffic congestion, saves on parking, helps us connect with family and friends and even saves the environment!

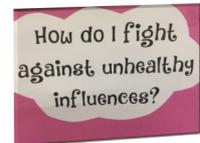

Walk to School at Tyabb

For the past two Wednesdays we have offered students the opportunity to walk to school by meeting teachers at the Tyabb Fly Inn on Mornington-Tyabb Road between 8:10am and 8:20am. We depart from this location at 8:20am sharp and arrive at school by 8:50am. On Wednesday 17th October we had 35 eager ‘walkers’ and then this week, Wednesday 24th October, we increased the numbers to 62!!! Outstanding effort Tyabb !! We will be Walking To School again next week, Wednesday 31st October—it would be great to see even more students walking to school. Thanks to the staff and parents who have also joined us in the walk.

1/2A, 2A AND 2B DO SOME INCREDIBLE WORK!

INQUIRY

Our focus question for our Health Inquiry this term is "How do I fight against unhealthy influences". To begin with we have been looking at the ways that we keep ourselves healthy such as drinking water to remain hydrated, eating nutritional food to provide our bodies with energy, having good relationships to make us feel good and so we can work out our problems and exercising to improve our minds and bodies. This focus will then look at the ways that we can be influenced in a negative way such as through advertising, not having access to healthy food, and having too much screen time instead of exercise.

The children have been creating a healthy collage of themselves, have been reading many non-fiction texts about ways to be healthy and have even written glossaries about words connected to health.

MATH WORKSHOPS

For the past two weeks, the grade 1s and 2s have been working in Maths Workshops on Place Value and Counting. They have been coming back to class and teaching each other about their new learning.

READING

Our children are becoming great readers and the extra efforts that they are making to read every night at home are certainly paying off. At the moment they are reading many non-fiction texts and developing questions that make them think about what they are reading. They are also improving their reading stamina by being able to read to themselves for continuous periods of time when they read independently.

WRITING

Do you know how difficult it is to persuade someone of something? Well the grade 1s and 2s are finding this out very quickly as they are learning how to write persuasive texts. They are learning how to write arguments for and against a topic and how to write sizzling starts that engage the reader.

Reminders!

Walk or Ride to School Month

During the month of October on Wednesday the 17th, 24th and 31st, we will be holding a walk to school morning and would love to see as many families as possible join in.

We will meet at the Peninsula Motor Inn on Mornington-Tyabb road and look to begin our walk to school at 8:20am sharp. Please be prompt as we don't want to be late for school.

Children must be dropped off by an adult or older siblings. If you would like to also walk with your child/ren please feel free to join us

We look forward to as many people coming to walk with us on these mornings.

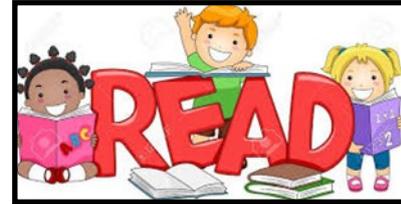

Regards,

Cobi Davies and Kris Grinsted
