CANTEEN REMINDERS

ADVANCE NOTICE—THERE WILL BE NO CANTEEN LUNCH ORDERS ON THE FIRST WEEK OF TERM 2 DUE TO ANZAC DAY PUBLIC HOLIDAY

Tuck shop will be open as usual

Canteen lunches

Canteen lunches are usually provided on Wednesdays unless there are public holidays or special school events. We will notify you in the newsletter or via Sentral if there is a change to our usual canteen arrangements. Parents are able to order a lunch order for their child through QuickCliQ which can be accessed through SENTRAL, our school management system. Online orders must be made by 9.15am Tuesday with lunch orders delivered to classrooms on Wednesday.

If you know in advance that your child will be absent on the day of their lunch order you can cancel via QuickCliQ.

If you do not know in advance eg your child wakes up sick on lunch order day you will need to ring the office before 9.30am and ask our office staff to cancel the lunch order. Otherwise the lunch will be prepared and you will be charged for the order.

Prices are available when you order online. We have also included a canteen price list further in our newsletter with current prices.

Tuckshop

The Acorn Snack Shack is open each Wednesday and Friday for purchases additional to your child's lunch. There is a strict limit of \$3 per child for tuckshop purchases. Children should not be sent to school with large amounts of money to spend at the canteen and are not permitted to buy for other children.

Please refer to our tuck shop price list further in our newsletter for a list of current prices.

Parent helpers

Our canteen service relies on the generous support of parent volunteers. If you are available to be on the canteen roster please contact the school office and we will ask our canteen manager Kyra Johnson to get in touch with you.

CSEF (CAMPS, SPORTS, EXCURSION FUND)

If you have a Centrelink Health Care Card or Pensioner Concession Card you may be eligible for CSEF for your child.

Please come to the office to fill out a form.

If you have previously applied through Tyabb Primary we will reapply on your behalf for this year.

Applications for this year close on 23rd June

Dear Parent/Carers of students in Grade 3 & 5,

The National Assessment Program (NAPLAN) – Literacy and Numeracy (NAPLAN) for Years 3, 5, 7 and 9 students are held in March each year. In 2023, the NAPLAN Online test window is between **Wednesday 15 March and Monday 27th March**.

NAPLAN tests assess student knowledge and skills in writing, reading, conventions of language (spelling, grammar and punctuation) and numeracy. The results of the tests provide information for students, parents, teachers and principals and can be used to improve student achievement.

NAPLAN tests are delivered in an online format. This delivers many benefits including:

- a 'tailored test' design that adapts to correct and incorrect student responses providing a more precise understanding of student achievement;
- innovative use of technology, including a more engaging test design and a wider range of item types;
- an extended and more flexible test window, allowing schools greater opportunity to schedule the tests at times that suit them best and increasing student participation.

A [public demonstration site](https://www.nap.edu.au/naplan/public-demonstration-site) is available for schools, teachers, parents, carers and students to familiarise themselves with the online tests. (<https://www.nap.edu.au/naplan/public-demonstration-site>). Where it asks for student code/name please just click 'next', 'yes' and 'test;' to get to the example questions (these appear after the practice log in screens).

All eligible students are expected to participate in the NAPLAN tests. Catch up tests will be available for individual students who are absent on test days up to and including Monday 27 March 2023.

Support can be arranged for students with disabilities, if the student regularly uses similar support for classroom assessment tasks.

Exemptions may be granted to students with significant intellectual disabilities and to students who have been learning English for less than one year. If your child is eligible for support due to disability or exemption, you should discuss this with his/her teacher prior to the tests. Parental consent is required before any support due to disability or exemption is granted.

Students may be withdrawn from NAPLAN by their parent or carer. This is a matter for consideration by parents and carers in consultation with the principal. If, after consultation, you decide to withdraw your child, you must sign a student withdrawal form. These forms are available at the school.

Later in the year you will receive your child's personal NAPLAN report. The report will describe your child's particular skills in reading, writing, conventions of language (spelling, grammar and punctuation) and numeracy. The report will also show how your child performed in relation to national minimum standards. These describe the minimum acceptable standards for students across Australia.

We are confident that the information you receive as a result of your child's participation in the NAPLAN tests will be valuable in helping you to assess your child's progress in literacy and numeracy.

For more information about NAPLAN, please visit the [VCAA website](https://www.vcaa.vic.edu.au) or the [ACARA NAPLAN website](https://www.acara.org.au/naplan).

The draft NAPLAN timetable for our school for grades 3&5 is as follows:

Grade 3	<u>Wed 15th March</u> Writing	<u>Thurs 16th March</u> Reading	<u>Friday 17th March</u> Conventions of Language	<u>Mon 20th March</u> Numeracy	Catch up Tests are scheduled daily for student who have been absent for one or more tests and will start Friday 17 th March and be available until Monday 27 th March

VISITING PSYCHOLOGIST / COUNSELLOR

In 2023 we are fortunate enough to once again have the services of Liz Russell (ER Psychology) for our students. Liz has been an amazing support for students throughout the last three years.

Liz will be continuing to offer her services on a weekly basis at Tyabb. The students accessing this service at the school require an up to date Mental Health Plan to access up to 10 sessions with Liz. Some students require less than 10 sessions. These sessions are held at the school during school hours.

If you feel that your child would benefit from the services of a psychologist/counsellor, please do not hesitate to make contact with Kris Grinsted Assistant Principal / Welfare co-ordinator. Please read the information below as to the services that are offered.

Liz Russell

B.A., Post Grad Dip. (Psych), M. Psych (Health), MAPS

Registered Psychologist & Director at ER Psychology

Fully registered as a psychologist with the Australian Health Practitioner Registration Association (AHPRA) since 2008, Liz has completed a Master's degree in Health Psychology at Monash University, and also a Supervised Practice Plan in Darwin and Melbourne.

Liz has 18 years of counselling experience, and has worked with adults, adolescents and children in individual and group settings. In addition to seeing private patients at **ER Psychology** located at the Humphries Road Medical Centre, Liz provides on-site psychological therapeutic care to children ranging in age from 5 – 11 years, at several Peninsula based primary schools.

Liz has worked with a range of presenting problems including health related concerns, chronic pain, depression, anxiety, stress; loss of confidence, poor self-esteem, adjustment disorders, grief and loss, and behavioural disorders.

Liz's approach to presenting problems is to examine the biological, psychological, and social components that underpin the issues presented by clients. She takes an integrative approach to counselling, and mainly uses client-centred, cognitive behavioural, and strength based therapies.

Liz visits the school on a regular basis and has been very proactive in helping a number of students at Tyabb PS over the past five years.

She has a passion for helping children and her professional approach to a range of requests from parents has been outstanding.

Dear Parents and Families:

Reading for pleasure unlocks the power of information and imagination and helps children discover who they are. Here's what you can do to help children develop stronger reading skills and a love for reading:

- Set the example. Let children see you read.
- Have a collection of books in your home. Update this collection routinely to keep up with changing tastes and reading skills.
- **Support our school's Book Fair. Allow your children to choose their own books to read 😊**

The theme of the Scholastic Book Fair this year is **Dino-Mite**, where we hope you will **Stomp, Chomp, and Read!** It's a fun reading event that brings the books kids want to read right into our school. It's a wonderful selection of engaging and affordable books for every reading level.

Please make plans to visit our Book Fair and be involved in shaping your child's reading habits.

Book Fair dates: Monday 27th March to Thursday 30th March

Shopping hours: Before school from 8:30-8:50 and after school from 3:30-4:00

We look forward to seeing you and your family at our Book Fair!
Remember, all purchases benefit our school.

Sincerely,

Tyabb Primary Schools Literacy Team

In 4A we love Maths!

We have had a fabulous start to the school year in Grade 4A and we have been enjoying our maths lessons.

Over the last few weeks we have been learning to use equivalence to find unknown quantities in equations.

We have been increasing our mathematical vocabulary and using some fancy words! This week we have been using relational and computational thinking... how impressive is that!

Psst... just in case you were wondering-
Relational thinking is when we think about the whole equation and how the parts are connected.

Computational thinking is when we calculate the part we know to find out the part we don't know.

Together, we have learnt how to find the missing number in an equation.

We have been using the addition and subtraction algorithm to solve equations.

Classroom Capers

$$83 - \boxed{?} = 27$$

$$22 + \boxed{?} = 41 - 13$$

$$22 - 14 = \boxed{?} - 62$$

We love playing card games to practise our skills. Lately, we have been playing 'break the bank at 27' and 'flip and shout'.

Learning with our maths partners is a great way to teach and help each other!
