FIRST AID POLICY

PURPOSE

To ensure the school community understands our school's approach to first aid for students.

SCOPE

First aid for anaphylaxis and asthma is provided for in our school's

- *Anaphylaxis Policy*
- *Asthma Policy*

This policy does not include information on first aid requirements for COVID-19. Our school follows the Department's operational guidance for first aid management relating to COVID-19.

POLICY

From time to time Tyabb Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The principal will ensure that Tyabb Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school's trained first aid officers are listed in our Emergency Management Plan (EMP) and also saved as a First Aid Training register. Our EMP includes the name, qualification and expiry dates of the training.

This list is reviewed on an annual basis as part of the annual review of our Emergency Management Plan.

First aid kits

Tyabb Primary School will maintain:

- A major first aid kit which will be stored in the First Aid Room in the administration building.
- Four first aid backpacks and five portable boxes/kits which may be used for excursions, camps, or yard duty.
- Portable first aid backpacks are located in:
 - The First Aid Room for taking on camps and excursions (3 available)
 - The BER Senior School Building – grade 5 end inside cupboard labelled with first aid symbol (1 available)

- Portable boxes/kits are located in:
 - Specialist areas (Art, Music, PE, Science – 1 first aid box per area)
 - Classrooms-small ‘bum bags’ with basic materials eg: band aids, tissues & gloves.

The First Aid Officer, with the support of ES staff at Tyabb Primary School, will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department’s policy and guidance on first aid kits – refer to [First aid kits](#).

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to the sick bay and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid room/sick bay area

Our school follows the Department’s policy and guidance in relation to our first aid room/sick bay area to ensure it is safe, hygienic and appropriately equipped: [First aid rooms and sick bays](#).

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
 - In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero “000” for emergency medical services at any time.
 - Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
 - If first aid is administered for a minor injury or condition, Tyabb Primary School will notify parents/carers by sending a note home to parents/carers, email or make a phone call.
 - If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
 - All head injuries are reported to the First Aid Officer in charge of first aid or Office Staff Member in attendance on that day and parents/emergency contacts are contacted regarding the injury.
 - If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.
 - Whenever first aid treatment has been administered and parents notified for a student, Tyabb Primary School will:
 - record the provision of first aid treatment on to Sentral. This directly notifies parents of an incident which has required first aid.
 - More significant injuries and those involving the head are also recorded into Cases 21.
-

- if care was provided in response to a medical emergency or reportable incident, follow the Department's [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy. These incidents are entered on to Edusafe Plus.

In accordance with Department of Education and Training policy, analgesics, including paracetamol and aspirin, will not be stored at school or provided as a standard first aid treatments. This is because they can mask signs of serious illness or injury. For further information refer to the Department's Policy and Advisory Library: [Medication](#)

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Included in staff induction processes and staff training
- Discussed at staff briefings/meetings as required
- Discussed at parent information nights/sessions
- Reminders in our school newsletter
- Hard copy available from school administration upon request
