

PRINCIPAL REPORT

PUPIL FREE DAYS

Term 4 MONDAY 4th November

Common Practice Day (Monday before Melbourne Cup Day)

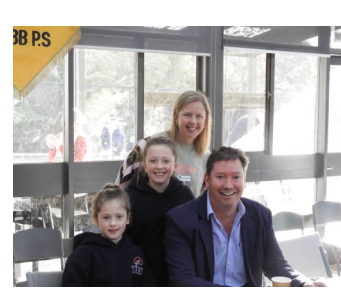

Term 4 FRIDAY 20th December

Curriculum Day (last day for students on Thursday 19th December)

Please mark these into your diaries as students do not attend on these days

We hope that our dads, step dads, grandads and carers had a lovely Father's Day on Sunday. On Friday 30th August we had our annual Father's Day breakfast, serving bacon and egg rolls and toast to over 400 people. It was terrific to see the smiling faces of children having breakfast with their dads or another special person in their lives.

Thank you to Jantina Forecast and Isabelle Petrie for organising this event and to the parents, teachers and students who helped to set up, cook and serve on the day!

FATHERS DAY PREP

After our Father's Day breakfast many of our prep dads/carers visited the prep classrooms to build something special together. It was amazing to see what our dad's could build with cardboard!

PREP INTERVIEWS

Last week we had our prep 2025 parent /teacher interviews. This was the first stage to our transition program with the next stages and dates set out below. We will have approximately 66 preps for 2025— fantastic news!

Friday 8th November

Small group sessions – 9.30am – 10.30am

Bring your favourite teddy friend

Wednesday 13th Nov 9.30am – 10.30am

Colour Day – wear your favourite colour

Thursday 28th Nov 9.30am – 10.30am

Children will be in their actual grades/teacher for this session

Super Hero's Day – dress up as your favourite super hero or book character (Grade lists will be on display outside of classrooms).

State Orientation Day - Tuesday 10th Dec 9:15– 10.45

Children will once again be in their grades with their actual teacher during this session.

TYABB PS ORCHARD

Thank you to Bunnings for their donation of fruit trees for our orchard and to Belinda Thickens for working with Debbie from Bunnings to plant them!

WHOOPING COUGH OUTBREAK

As you may be aware, our school is managing a number of whooping cough cases. Whooping cough is a serious and very contagious respiratory infection. It should be diagnosed by a doctor and treated immediately to lessen the risk of a serious illness and stop the spread to others.

The health and safety of our whole school community is paramount. Because of this, I need to convey some important recommendations that aim to protect all of us at Tyabb Primary School and ensure that students can return to school as soon as they are well. Please monitor your child for [symptoms](#) of whooping cough.

Symptoms of whooping cough include a blocked or runny nose, tiredness, mild fever and severe bouts of coughing, which are often followed by a 'whooping' sound on breathing. If your child becomes unwell, please see a doctor for diagnosis and treatment as soon as possible.

Students diagnosed with whooping cough should stay home. To reduce the spread of infection and to protect others within the school community, students diagnosed with whooping cough are **recommended not to attend school for 21 days** after their cough was first present, or until they have taken a full course of antibiotics prescribed by a doctor (usually a 5-day course).

If your child is diagnosed with whooping cough, please contact the school to let us know. I hope we can work together to protect the whole school community by following the recommended advice.

Unwell students

As is our usual procedure, we will contact parents/carers to collect their child if they become unwell at school.

If your child develops a cough or you are concerned about their health, please see a doctor. Please keep your child at home while they are unwell. We encourage all students to practice good hand hygiene, cover their cough and dispose of tissues in a bin.

Vaccination is the most important preventive measure against whooping cough as it reduces the risk of infection and severe illness. It is recommended to stay up to date with immunisations, including booster doses. If you are unsure about your child's vaccination status for whooping cough, please discuss with an immunisation provider, such as your doctor.

I really appreciate your support and thank you for working with us to ensure a speedy return to school for students.

For more information about whooping cough, see: [Whooping cough - Better Health Channel](#).

It's Concert Time!

Wow, what a term we have had in Music!

Concert preparation has been our focus and students have done so well to learn the dance moves in STOMP lessons, to work together in their line positions and to also remember line changes that happen during the performance.

The excitement leading up to our BIG night has been contagious and I know for many of our students this will be their first time performing in a concert of this nature.

Congratulations everyone, you are all STARS in my eyes.

Mrs Barcenas

We can't wait to see some amazing designs! ☺

Here are a few of our previous designs

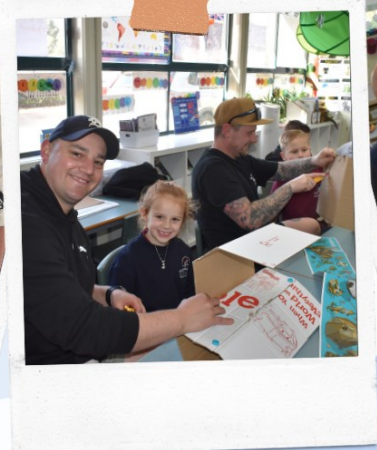

Father's Day

HAPPY Father's DAY

THE PREPS HAD AN EXCITING MORNING AS THEY WELCOMED THEIR WONDERFUL DADS INTO THE CLASSROOM TO CELEBRATE FATHER'S DAY! TOGETHER, THEY MADE KEY RINGS, BUILT TOWERING STRUCTURES, AND CRAFTED SOME COOL CARDBOARD CREATIONS. IT WAS A SPECIAL TIME FILLED WITH CREATIVITY AND FUN. WE HOPE EVERYONE ENJOYED THE MORNING, AND WE WISH ALL TPS DADS A VERY HAPPY FATHER'S DAY!

ANIMAL ADAPTATIONS IN 5A

5A have been learning all about animal adaptations in our Inquiry Unit. We started our unit with a visit from Vince from Aussie Wildlife Displays, where we got up close to a range of Aussie animals from python snakes, blue tongue and shingleback lizards, a squirrel glider, a baby crocodile and a wombat. It was a wonderful experience and a fantastic way to learn all about their adaptations and how these amazing animals survive.

INQUIRY PROJECTS!

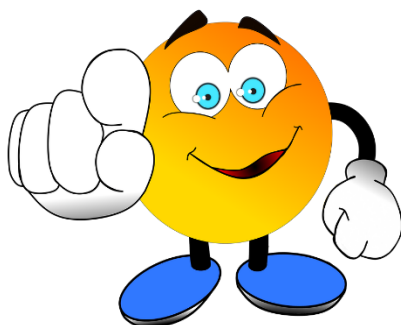

As part of this unit, students have been studying ecosystems, exploring the differences between nocturnal, diurnal, and crepuscular animals, and understanding how introduced species can affect ecosystems. The students of 5A are now working on individual projects, where they have selected an animal to research. They are investigating its diet, habitat, and both behavioural and physical adaptations, with the goal of teaching their peers about their findings. We've already learned a great deal from each other and are excited to share these presentations with our classmates next week!

We Need You!

Tyabb Primary School's HPV team are looking for new sponsors for the 2024 season. If you or somebody you know runs a business, please let them know that their support can mean that the HPV program continues to operate and thrive at Tyabb PS.

Past sponsors have assisted us financially to purchase new equipment, make modifications to our vehicles and help send our riders to Energy Breakthrough in Maryborough each November.

Celebrating 30 Years of OSHC

Hello Families,

Yesterday we celebrated our 30th Birthday party we played lots of games from the 90's such as musical chairs, musical statues and pin the hat on the cat. We even had a dance off.

The children enjoyed for afternoon tea Chocolate Spiders, jelly and a yummy Birthday cake.

School holidays are just around the corner, please visit our website for more information and bookings at our local 'Rocketeers Program'. There are some fantastic activities planned for these school holidays.

We hope you have a fantastic break and we look forward to seeing you all again next term.

Tuning in to Kids®

Tuning in to Kids® is a parenting program that focuses on the emotional connection between parents/carers and their children, from preschoolers to teens.

The program has success in improving parenting, parent-child relationships, parental meta emotion, children's emotional competence and behaviour. Backed by evidence-based research, this 6-8 session parenting program focuses on developing key skills in recognising and responding to your children's emotions. This program is designed for parents of children aged 3 to 10 years old.

Would you like to learn how to:

- Be better at talking with your child?
- Be better at understanding your child?
- Help your child learn to manage their emotions?
- Help to prevent behaviour problems in your child?
- Teach your child to deal with conflict?

Circle of Security® Parenting Program

All children want to feel loved and safe. The Circle Of Security® parenting program has been developed with decades of evidence on ways to strengthen secure parent-child relationships.

The program supports parents to provide children with the confidence and freedom to explore their world while feeling a sense of comfort and security. The program assists parents to see behaviour as communication rather than a problem.

Experienced and trained Circle Of Security® Family Life practitioners will facilitate the group sessions.

The Circle Of Security® parenting program will help you:

- Support your child's self esteem
- Tune in to your child's world by reading important cues
- Understand your child's emotional needs
- Connect with your child and enjoy being in the moment
- Strengthen your bond and attachment with your child
