PRINCIPAL'S REPORT

Ella Tipping

What an amazing effort that went into our 2026 Book Week Celebrations. Our students and teachers looked absolutely phenomenal and we appreciate everyone going to such great effort for a fabulous celebration. The Book Fair and Book Swap were both a hit and many students got to take home a new story or activity book to share and enjoy.

Schools are a Smoke Free Zone

This is a friendly request that our community does not smoke along the school boundary or in carpark areas. The following lines are from the Department of Education Policy:

- In Victoria, a person must not smoke or vape on school premises or within 4 metres of any pedestrian access point to school premises.
- Smoking and vaping are not permitted during school events and excursions held off school premises.

Nasty Bugs!

We are seeing a high number of students present to the office with similar symptoms including severe headaches, fatigue, sore throats and temperatures. If you notice that your child is presenting with these symptoms, please help us stop the spread .

Thank you also to all the teachers who gave their time to sell books and help connect young readers with their new favourite book.

HOW TO DISAGREE
(AND KEEP IT RESPECTFUL)
I GET WHAT YOU'RE SAYING, BUT I SEE IT DIFFERENTLY.
I HEAR YOU, I JUST DON'T AGREE.
CAN YOU EXPLAIN WHAT YOU MEAN?
THAT'S FAIR, BUT HERE'S HOW I SEE IT.
WHAT IF WE TRIED IT THIS WAY?
I'M NOT SURE I AGREE, BUT I'M LISTENING.
WE MIGHT BOTH BE RIGHT IN DIFFERENT WAYS.
IT'S OKAY TO DISAGREE.
I THINK THIS IS GETTING A BIT HEATED—CAN WE PAUSE?

Classroom Capers with 6A

Inquiry - Extreme Weather

6A have been busy exploring the fascinating world of Extreme Weather during Inquiry! As part of our learning, students travelled to the Melbourne IMAX Theatre to watch Wild Weather on the big screen, giving them an incredible close-up look at some of the world's most powerful weather events. We also participated in an online incursion conducted by Melbourne Museum, where students learnt about the effects of climate change and how it is contributing to an increase in extreme weather events.

Students are now bringing all of their learning together by creating Extreme Weather dioramas. Using a detailed rubric to guide their work, they are researching, designing and constructing displays that showcase their understanding of how extreme weather occurs, its impacts on people, animals and the Earth's surface and its connection to climate change. We can't wait to see their finished creations!

ART CURRICULUM CORNER

After studying Picasso portraits students have made clay sculptures and experimented with pastel prints.

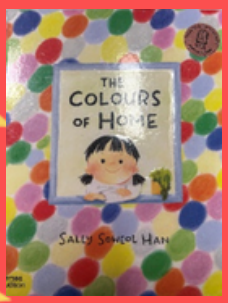

If you haven't yet seen the display of the Basquiat inspired art works in the foyer and office, I strongly urge you to check them out. They are truly AMAZING and well worth framing when they come home! Great job grade 5 and 6.

Students have begun creating art in relation to literature and will continue this into next term. Our first book has been "The Colours of Home." Grade 3 and 4 created drawings of the night sky and printed beautiful fireworks.

TYABB CHICKEN DOZEN EGG DONATION

Congratulations Hudson from 1A for winning our Tyabb chicken eggs. Hudson has been trying hard to participate in group discussion to add his connections and ideas. He deserves recognition for having a growth mindset in his learning and showing enthusiasm to try new things.
Well done, Hudson.

Congratulations to Brooklyn of 2A for receiving our Tyabb Chicken Eggs.
Brooklyn has been a great role model for 2A. He is so excited to eat eggs with bacon, make some cakes and hopefully finding a double yolk egg. Enjoy Brooklyn and family.

Congratulations Macy of 1B for winning our Tyabb Chicken Eggs.
Macy always shows positive attitude towards learning, trying her best always and showing kindness to everyone in our class. Keep up the great work!

Congratulations Tialah from 2B for winning our Tyabb Eggs. You were chosen for listening beautifully, working diligently and focusing so well all the time. You have been an overall legend and a great roll model.

Elevate Speech Pathology

ON-SITE SPEECH PATHOLOGY SERVICES AT TYABB PRIMARY SCHOOL

Supporting communication, confidence and connection – right where your child learns!

We are excited to be supporting Tyabb Primary School to offer on-site speech pathology support during school hours. This service provides families with a convenient, familiar and supportive way to access speech pathology without needing to travel in clinic.

Who is this for?

On-site speech pathology may support your child. We can support difficulty with:

- speech sounds or clarity
- language, understanding or expression
- social communication or interaction
- confidence in communication
- amongst other more niche areas

Otherwise, we can complete an assessment to determine how we can help!

How does it work?

- Sessions are delivered at school, during the school day
- Therapy occurs in a familiar, supportive environment
- Sessions are individualised and child-centred
- We work collaboratively with families and the school
- Goals are designed to support communication across learning and everyday interactions

Funding options

Families can access this service through:

- **NDIS funding (self-managed or plan-managed)**
- **Private funding**
- **Tyabb PS will not be funding this service**

Not sure which option applies to your child? We're always happy to talk this through with you.

Why on-site support?

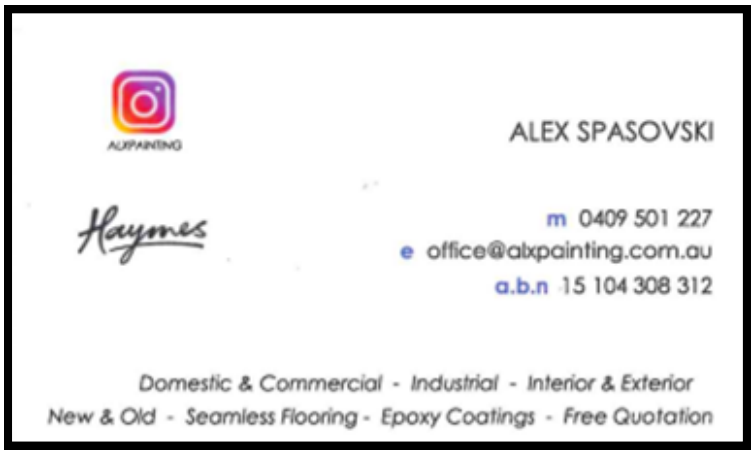

- No travel or after-school appointments
- Skills are practised where they're used every day
- Supports carry over into the classroom and playground
- Less pressure on family routines

Save your spot!

We would love to support your child at Tyabb Primary School! Please email Kris (Kristine.Grinsted@education.vic.gov.au) **AND** our admin team (admin@elevatespeechpathology.com) to show your interest!
